Welcome to AirZip Accelerator for IIS Version 4.0.

This README file contains information you need to install AirZip Accelerator, as well as information that was not available for the printed publications, and is meant to supplement the "AirZip Accelerator for IIS Version 4.0 Installation and Configuration Manual" on the AirZip web site or on the installation CD-ROM.

**Information:**

1. AirZip's web address is <http://www.airzip.com>.
2. The AirZip Accelerator documentation can be found at:  
[http://www.airzip.com/support\\_documentation\\_Accelerator.htm](http://www.airzip.com/support_documentation_Accelerator.htm) or installed with the software under Program Files\AirZip\IIS Accelerator.

**Changes in V4.0**

- Native support for Microsoft IIS Version 6.
- Fixed minor memory leak.

**System Requirements:**

**Hardware**

- Any x86/ia32 machine capable of running IIS 5 or IIS 6.

**Software**

- Windows 2000 with IIS Version 5.
- Windows 2003 with IIS Version 6.

**Upgrading:**

Please uninstall any previous version of AirZip Accelerator before installing Version 4.0.

**License Management:**

AirZip Accelerator is nodelocked to a specific machine using licensing technology. Before you can run AirZip Accelerator you must first install a license key.

**LICENSING PROCEDURES:**

Once you have installed the software, please contact AirZip (email: [support@airzip.com](mailto:support@airzip.com)) for a license key. To receive a license key, you must send us the following information:

- a. Your name;
- b. Company name;
- c. Company mailing address;
- d. Your telephone number;
- e. Your email address;
- f. Your Proof of Entitlement ID that came with your software (not required for evaluation licenses);
- g. The output from the "Program Files\AirZip\IIS Accelerator\hostinfo.exe" command-line utility.

When you receive the license key, you must file transfer it as BINARY to your system, preserving the name. The license file name is "azaccel.key". If you are receiving several license keys, they may be named differently so that you are able to determine which license matches each machine. In this case, each license key must be renamed to "azaccel.key" on its target machine.

The license key must be placed in the "Program Files\AirZip\IIS Accelerator\" directory before you can start AirZip Accelerator.

If your license expires, you will no longer be able to run AirZip Accelerator. Contact AirZip for a new license. As soon as a valid license is installed, AirZip Accelerator will again be fully operational. You do not have to reinstall the software or recreate your settings.

### **Evaluation, Temporary and Permanent Licenses**

- Evaluation Licenses are issued to allow customer to evaluate the product. These licenses allow full use of the product until they expire. They are valid for up to 30 days from date of issue. May be renewed upon special request.
- Temporary Licenses are issued to customers who have purchased the product but have not yet paid for it. Valid for 60 days from date of issue.
- Permanent Licenses do not expire, and are issued once the software has been paid for.

### **Checking Your License**

You may check the validity of your license by opening the AirZip Accelerator Control Panel (*Start ->Settings->Control Panels-> AirZip Accelerator*) and reviewing the License tab.

### **Technical Support:**

If you have purchased the software, your access to technical support will continue for the length of your maintenance agreement. If you are evaluating the software, you will have 30 days of no charge access to AirZip's technical support.
